

Deans' Duets Bio

Sisters April & Megan Dean both started playing violin at a very young age. Their love quickly blossomed for playing for others, so they decided to continue to grow in that area. People heard them play at church, symphonies and events and wanted to hire them to play for their weddings. They quickly started receiving event gigs and decided to start their own business called Deans' Duets, a sister-duo that played violin duets at weddings!

From the beginning, they have loved being a part of this business. What makes it more exciting is that they get to do what they are both passionate about.

What started out as just 2 sisters and 2 instruments ended up to be something more, and they have been excited to share this passion with others. Now, with more than 15 employees, Deans' Duets offers violin, piano, cello, guitar, and harp ensembles. They travel throughout the South in the US by providing solos, duos, trios, and quartets, for weddings, cocktail hours, private & corporate events, receptions, parties, church services, funerals, memorial services, fundraisers, and more.

Deans' Duets Services Include The Following:

Violin solo
Cello solo
Guitar solo
Harp solo
Piano solo

Violin duets
